

PRIVACY FILM

DESCRIPTION

Opaque 72 i is a matt white privacy film with high UV protection. It has a translucent sandblasted effect that gives doors, windows and room dividers an appealing elegance. The frosted glass effect allows privacy where it would otherwise be structurally impossible. The film is flame retardant according to DIN EN 13501-1.

Standard

INTENDED USE

Perfect for retail, museums, offices and other commercial buildings. Opaque 72 i is ideal for preventing views where they should not be possible. The film also conceals characteristics that disrupt the external appearance of buildings and glass facades.

Tested on single glazing (3 mm). All technical values are manufacturer information. Production-related fluctuations and changes are reserved.
