

Silver 20 ri

Film Type

SUN PROTECTION FILM

DESCRIPTION

Silver ri films are the classic among sun protection films and were developed for installation on the inside of windows. They offer very good solutions for keeping interiors cooler in summer, saving energy costs and thus improving energy efficiency. In addition, Silver ri films feature a coating that resists scratches.

INTENDED USE

The exceptional price-performance ratio and fast payback times make the films a popular choice for all commercial projects, such as office buildings, administrative buildings but also industrial halls and private homes.

Tested on single glazing (6 mm). All technical values are manufacturer information. Production-related fluctuations and changes are reserved.
