

SUN PROTECTION FILM

DESCRIPTION

Skylight 20 ro belongs to a new generation of long-lasting exterior films. The exceptional durability provides energy efficient performance year after year. Skylight 20 ro offers an excellent level of energy rejection and UV protection and is compatible with almost all glazing. The film is flame retardant according to DIN EN 13501-1.

INTENDED USE

Skylight 20 ro is ideal for all types of commercial projects. This film combines very good heat protection with high durability; this reduces energy costs in the long term and sustainably. Skylight 20 ro is particularly suitable for exterior use on flat and pitched roofs, for glass and plastic glazing.

Tested on single glazing (3 mm). All technical values are manufacturer information. Production-related fluctuations and changes are reserved.
